The Daily Standard. Thursday, October 20, 1870.

It may be urged by some parties that Confederation will be jeopardized by at-or against the railway, it is the interest tempting to insert in the terms that Vie-of Victorians, and Vancouver Islanders toria shall be the Railway terminus.

Let no one be deceived on this head.

Confederation is certain. This Colony will be a part of the Dominion in July next. If there are a dozen amendments the Terminus, still Canada would accept the country on the amended conditions.

All it requires is the majority of the people to declare their reasonable wishes. The terminus is a reasonable wish, and The terminus is a reasonable wish and The ter as reasonable as that of making Victoria hence it would be cheerfully granted, attered it knows it. The real secret is that the STANDARD has recommended that the STANDARD has recommended that the terminus of the Railway shall be rard Inlet without an extension line from at Victoria and Esquimalt. This dou't rard Inlet without an extension line from this city to Nanaimo. Suppose again that Seattle or some other point on Puget Sound shall become the terminus of the North Pacific railway. These two points of attraction commercially will both be on the Mainland, whilst Victoria and Esquimalt will occupy an insular position and will certainly sink under such circumstances to a mere village instead of cieing to the position of a first class commercial city. In New England, town efter town has been nullified by railroads tapping their trade. No other result is likely to occur here. When "Lynx" asserts that the terminus purse and carry on its government? ite in the Union Act, he knew he was indefinite impossible. Hence incorrect; for it distinctly mentions "the incorrect; for it distinctly mentions "the city of Halifax, in Nova Scotia." Columbia. This amendment was supported in a long, rambling speech, chiefly devoted to showing the improbability of the rallway being undertaken, and the impolicy of making it a condition of Confederation at all. Colonist.

The Colonist is well known here as a most unscrupulous sheet—a paper that atops at nothing,—being utterly without restraint. We need only cite its villification of our citizens who met in the theatre last Spring, to remind our local readers of its atter worthlessness as a journal. The extract from its columns, that we give above, is another of its efforts that is true to its well-known characteristics. Now what is the real truth about Mr. DeCosmos' vote and resolution on the railway, during the last session of the Council? It is this: The resolution embodying the proposed terms of Confederation, contained a resolution stating that \$1,000,000 a year shall be expended by Canada to construct a railof Confederation, contained a resolution stating that \$\frac{1}{2}\$1,000,000 a year shall be expended by Canada to construct a railway from the seaboard to Canada.

The Hon. Mr. Trutch in dealing with the question said that if we did not get that grant we would get an equivalent; important that if the railway were not construct a rail-way from the seaboard to Canada.

The Hon. Mr. Trutch in dealing with the question said that if we did not get that grant we would get an equivalent; important that you should elect members who will faithfully and fearlessly represent your wishes. The following is a brief outline of the views which I am prepared to advocate.

Confederation with the Dominion of Canada is a policy upon which we all agree; and I am in favor of accepting the terms, as a whole, as agreed upon by our delegates with the Dominion Government.

I recommend the immediate acceptance of the Canadian Tariff, believing it to be matethe subject said that under the circumstances; he thought that the country would be sconer developed by running a railroad from some navigable point on the Farser, near Harrison river, to Kamloops Lake, than by commencing on the seaboard first. He said that the railway maboard first. He said that the railway would cost \$50,000 per mile, and a million dellars a year would only build 20 miles per annum. Hence, if a line were constructed from Victoris to Nanaimo, a distance of seventy miles, it would occupy nearly four years. If it was determined to start the line from Burgard Injet and follow up the Fraser to the head of continuous navigation, say the head of continuous navigation, say 60 miles, it would occupy three years more in building.—yet at the end of that time the country behind the Cascades would still be without means of communication with navigable water, except by waggon.

That it required a line of railroad 140 miles long to connect Kamloops Lake with the Fraser. To construct which it would require seven years at 20 miles a many miles and require seven years at 20 miles a many many many many of which it is the capital measure to secure it.

Court of Assize and General Gaol Delivery. REFORE CHIEF JUSTICE BEGBIE AND JUSTICE

CREASE. WEDNESDAY, Oct. 19th, 1870.

Regina vs. Tom, a Chemanus Indian. A petit jury was sworn, and the prisoner arraigaed, and charged with the murder of Robert Clarke, at Plumper's Pass, in July last. He pleaded not guilty. The Attorney General opened the case on behalf of the Crown. The evidence of the witnesses which were examined has already appeared in the Police Court report, which we pub-lished at the examination before the Stipendiary Magistrate, with the exception of the evidence of an Indian boy, Alexander, who was with Tom when he shot the deceased. Tom fired two shots, which hit the deceased. After the shooting took place the prisoner and the witness went away together, and the next morning they left for New Westminster where the prisoner was arrested. This con-cluded the evidence for the presecution. Mr. Bishop, who defended the prisoner,

addressed the jury very ably and at some eight, on behalf of his client, after which they retired at 5 o'clock, and at 9:30 were called into the court room. The foreman stated that they were unable to agree, and that four of them, were of the opinion that Tom, and Alex., the witness, were both implicated. Eight of them were of the opinion that Alex. was implicated, but the evidence wharf. was not sufficient to convict the prisoner. The jury were then discharged, and the Court of Assizes adjourned until the 15th of November, when the prisoner will be tried

CHARITY .- We have been requested to call the attention of the charitable ladies in Victoria to the temporary insanity of three females who reside over James' Bay. One of them was locked up in gaol yesterday and the other two are in a helpless condition in their house. We are also informed that they are destitute. If something is not immediately done for them the Police will be compelled to lock them up with the other one. There is no doubt but the gaolers and officers in the gaol would do everything in their power for them, but what can be done by men for females in such a place, among murderers, thieves, Indian whiskey sellers, &c. We appeal on behalf of humanity to the ladies of Victoria to extend a helping hand to these unfortunate women who have been de-prived temporarily of their reason.

False.-The Colonist yesterday, said that Mr. DeCosmos moved-"To make Yale the SPECIAL TO THE DAILY STANDARD. terminus of the Railroad." This statement is false. It next states that Mr. DeCosmos printed an article, in which he stated that the Canadian Railway was "impracticable." This is talse, too. We challenge the Colonist to produce the paper io which it was printed, or the article, or the date, if it dares. Next, it says that Mr. DeCosmos said that it would require "fifty years to build the railway." This is another falsehood. Now here are three or four of the blackest falsehoods possible,-and all for nothing else than to prevent Victorians locating the terwho cannot move their town lots to Burrard Inlet, Barclay Sound, or Seattle, like the notion of no terminus here?

Found DEAD .- A man was found dead yesterday afternoon, in room No. 10, St. Nicholas Hotel. It appears the deceased went to the Hotel about one o'clock yesterday morning and got a bed. At 3 o'clock yesterday his door was found to be locked. A man knocked, but received no reply. The door was broke open, when he was found lying on the floor, with his face downwards he had rolled out of bed. It is supposed that heart disease was the cause of There was nothing found on him to show who he is or where he came from. A bottle of Bayne's Expectorant and \$1 75 were all which were found in his pockets. An inquest will be held to-day to enquire into the cause of his death.

THE ALHAMBRA. -This temple of amusement was again well patronized last night, by ladies and gentlemen, among whom we noticed Sir James Douglas and family, Dr. Helmcken and family, and several of the elite of the city. The performance, as usual, appeared to give general satisfaction, from the manner in which every act was ap-

Runaway .- Yesterday afternoon a horse attached to a wagon belonging to a Chinaman, got frightened near the Government buildings, James' Bay, and ran off. The driver got scared and jumped out of the wagon. The horse ran for a considerable stance when he came in contact with a fence, which brought him up with a "round turn." John secured his horse and kept a tight hold on the reins until he got him

FIRE INQUEST .- The adjourned inquest to enquire into the cause of the fire at Mr. A. H. French Government requests the press to Francis' store, on Fort street, met yesterday make known to America its extreme desire at lo'clock. Two or three witnesses were examined but gave no evidence to show the origin of the fire. The jury retired and after a short absence returned the following verdiet. "That the fire was not caused negligence or accident, and there is not suf-scient evidence to show its orign.

SUDDEN DEATH .- Yesterday morning the remains of a man named Nicolia Cook, a German, were brought to town from Plumper's under the command of the Grand Duke of Pass where he had a farm and several head Mecklenburg. of fine stock. The deceased was in Victoria last week apparently in good health, he went home and last Monday was working all day. On Tuesday morning he was found dead in his bed. An inquest will be held by the Coroner to-day.

TAXING FOREIGNERS .- The Oregon Legislature have concluded not to tax Chinamen but as a substitute they are about passing a ed the Seine in several places.

bill taxing all unaturalized foreigners. They are after the Chinamen, and in order to catch him they do not scruple to tax all foreigners.
The substitute is worse than the original bill, as there are more white foreigners in Oregon than there is Chinamen.

Prise, Capt. Swanson, arrived from the Mainland yesterday afternoon, at 4 o'clock, with about 15 passengers, among whom were Messrs. R. Burnaby, H. Nelson, Brown, Clarke, Clute, and five or six miners from Cariboo, who bring no later news. The Sentinel has not yet arrived.
